

Patrick Parnell, LEED AP

Program Management, Environmental Design, Branding, Photography

HELLO!

I'm a Senior-level Program Manager and Environmental Designer with 15+ years' experience in Corporate Interiors, Signage Systems, and Branding Programs. My focus has been in commercial art, corporate identity, and architectural signage fields, while managing high-visibility projects for Global/Fortune 500 companies.

I am looking for a new senior-level creative role, and look forward to building new relationships and enhancing the communities I take part in.

San Francisco, CA

MORE ABOUT ME / CONTACT INFO:

Designer by day, artist at heart...

I take photos. I paint. I like to run and stay active. I'm constantly searching for the next new "thing", the up and coming artist, and that new awesome band. I bring this same enjoyment of discovery back to the workplace, and share it to motivate others to broaden their horizons too.
